

Donna Ellen Newsome Bio

Newsome, a graduate of The University of Virginia in Chemical Engineering, furthered her educational pursuit at the Medical College of Virginia. Here she obtained a PhD in Anatomy and her MD. Her path then lead her Dallas' own Parkland Health and Hospital System where she completed her Internship in Internal Medicine, Residency in Neurology, of which she was chief resident her final year, and Fellowship in Vascular Neurology. Newsome currently is a solo practitioner as a Hospital Neurologist. However, her most prize accomplishment is being a mother to her 16-year-old son, Gordon.
